Have You Tried Orca Products?

Orca is one of our newer product lines. Customers have enjoyed using these higher end coolers and tumblers on their jobsites to keep their beverages cold and their coffee hot.

Orca's products are durable and especially well-suited for a commercial environment. They include:

- Coolers
- Tumblers
- Koozies
- Drinkware
- Accessories

One of our most popular products is the **Rocket**, a 12-ounce bottle/can holder that will keep your beverage cold for 12 hours without any condensation! And because it's made of steel, it's built to last.

Capitol Materials Coastal carries the entire Orca line and we can also order any special colors from the catalog. We also invite you to take a look at some of the other [construction accessories](#) that we offer our customers.

Product Spotlight: Marino\WARE QuickFrame™

Capitol Materials Coastal sells Marino\WARE products at all of our yards, including the **QuickFrame Rough Opening System**.

This system can help you streamline your window and door installation by offering:

- Reduced assembly time - **by up to 50%!**
- Increased overall performance
- Lower materials weight and less pieces
- Pre-drilled holes in clips for fast installation
- No more built-up jambs and headers

QuickFrame is appropriate for exterior curtain wall headers and jambs, interior non-load bearing headers and jambs, and load bearing jambs.

If you're ready to start your order, CMC offers on-time delivery to your jobsite! [Contact us](#) today to get started.

Project Spotlight: New Candler Micro Hospital

St. Joseph's/Candler will soon break ground on a new micro-hospital in Pooler to serve West Chatham and nearby counties. The 18 acre campus will include a 170,000 square foot micro hospital that will offer primary care services as well as specialty care.

Phase I will open in 2019, with Phase II to follow. The hospital will employ approximately 100 co-workers and has a total cost estimated at \$62 million.
