

This month's product promotions, company news and more.

Welcome to the August edition of "In The Know With Capitol Materials Coastal." We're glad to connect with you again!

August Promo

The advertisement features a black banner at the top with the text "CMC MONTHLY AUGUST DEAL OF THE MONTH!" in white and orange. Below the banner, the text "10% OFF ALL" is displayed in large white letters. Underneath, the "USG SHEETROCK Tools" logo is shown. The main image displays a collection of Sheetrock tools: a green bucket, a white saw, a white trowel, a green level, and a white box. A small version of the Capitol Materials Coastal logo is in the bottom right corner of the image area.

CMC's monthly specials allow you to save on a different product every month. For August, **all USG sheetrock tools are 10% off!**

USG manufactures all the tools needed for professional drywall installation and finishing, so be sure to stock up now at these reduced prices!

Hurry, because this offer is only good through the month of August!

Product Spotlight: USG Durock's Shower System

With USG Durock's engineered Shower System, you can prepare the substrate for a durable, watertight custom tiled shower in a fraction of the time needed to prepare a shower space with backerboard, membrane, and a mud pan. The system's components are strong, lightweight, and easy to install. Components include:

- UltraLight Foam Tile Backerboard with integral waterproofing membrane
- Pre-Sloped Shower Trays with integral 2% slope, in standard and custom sizes
- Waterproofing Membrane and Band, for waterproofing joints and pan
- Pre-Formed Corners for waterproofing areas most prone to water penetration
- Wall Niches with non-woven fleece surface for superior mortar bond
- Mixing Valve and Pipe Seals to waterproof wall penetrations
- Shower Tray Disks of molded ABS to provide solid support for drains
- Preformed Curbs with 5" height for ease of access
- Benches with integrated slope, which can be easily cut to size or shape on site
- Options for linear drains, ramps, and more

The Durock Shower System installs in less than half the time needed to prepare a shower for tiling using backerboard, waterproofing membrane, and a mud pan. It also offers design advantages over comparable competing shower systems, at a lower cost. With the custom pan option, the system is a good solution for showers of all sizes and configurations. Annual Monica Kreber Golf Tournament Sponsored by CMC

Capitol Materials Coastal and GMS recently co-sponsored the 21st Annual Monica Kreber Golf Tournament, held at Seabrook Golf Course on Seabrook Island.

The tournament is named in honor of CMC Charleston Yard Manager Dave Kreber's daughter, Monica. Dave joined CMC four years ago, and since then CMC and GMS have become the main sponsors of the tournament, which was originally sponsored by the Charleston Contractors Association. This year, 168 golfers participated in the tournament, which raised \$70,000 for cancer treatment and research.

The tournament's namesake, Monica Kreber, spoke about what the tournament means to her. Monica is now 27 and works as a writer for a local newspaper. Since winning her battle with leukemia as a child, she has been speaking at the event for the past 17 years.

Dave Kreber said, "This was one of the best tournaments we've had in 21 years. Company

employees, customers, and builders all participated. We have a great time while working for a great cause, and GMS and CMC have been phenomenal in their support of the tournament."

Product Spotlight: ORCA Coolers and Drinkware

ORCA coolers and drinkware are engineered for maximum temperature retention - their coolers can keep ice frozen for up to 10 days! ORCA products are manufactured in the U.S. and carry a lifetime warranty.

Thanks to their durability, ORCA's products are well-suited for use at the construction site. They include:

- Coolers
- Tumblers
- Koozies
- Drinkware
- Accessories

One of ORCA's most popular products is their tumbler, which holds a hefty 27 ounces and keeps beverages cold for 12 hours - without any condensation! ORCA tumblers are available in a variety of colors and designs. Or consider an ORCA cooler, to keep things cool on the job in the summer heat. ORCA coolers are available in a variety of colors, designs, and sizes.

Capitol Materials Coastal carries the entire ORCA line and we can also order special colors and designs from their product line. You can [see all the designs ORCA offers](#) on their website, or drop by your local CMC yard to check out ORCA products in person. We invite you to also [take a look at some of the other construction accessories](#) that we offer.

Regional News: Mixed Use Development Plan Approved for Garden City

In June, the Garden City Planning Commission approved site plans for a new town center development around City Hall. The proposed development will include a mix of housing, retail, and office space.

Plans for the nearly 20-acre site call for nine apartment blocks with a total of 224 housing units, almost 25,000 square feet of retail space, and almost 10,000 square feet of office space.

Previous plans to develop the site, located about one quarter of a mile south of I-16, failed to materialize. Garden City Mayor Don Bethune is confident that this time will be different, since the developer has already put down an earnest deposit with the city to purchase the land. The development is projected to take three years to complete.
